# Quick Reference Guide #1: Installing and Registering PastureWatch

There are two options to install the PastureWatch program. If you have a fast internet connection (eg, ADSL, broadband, satellite) you can use the internet to download the program. If you only have a slow internet connection (eg dialup), you will need to ring Fairport (a free call on 1800 500 195) to have a PastureWatch CD sent to you.

**OPTION 1: From the Internet (for those with a fast internet connection):**
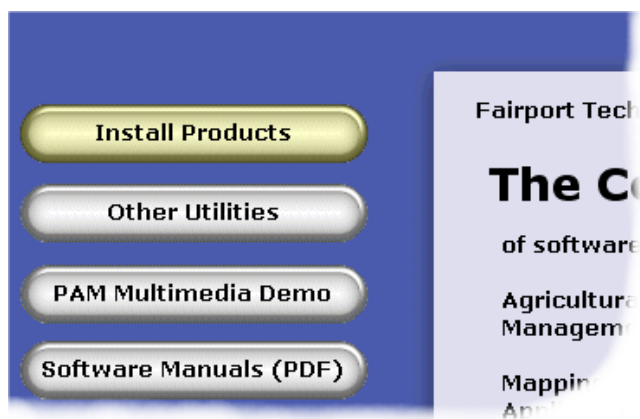

- On the internet, type in www.fairport.com.au/Downloads/ (exactly as shown) into the address line of your web browser.

- If you have PAM QA Plus, click on the **PastureWatch for PAM Users** link, otherwise click on the **PastureWatch Stand Alone** link.

- Click on **Save**.

- Select a destination for the file (the Desktop of your computer is recommended) and click on **Save** (this may take a while).

- When the downloading process is complete, click on **Close**, locate the setup file icon  on your desktop and double click it to run the installer.

When done, a PastureWatch desktop icon  will appear on your desktop.

**OPTION 2: From the Fairport CD (recommended if you have a slow internet connection:**

- Insert the Fairport CD into your computer's CD drive.

- On the opening menu of the CD browser software click on the **Install Products** button to bring up the next menu.

- Click on the **PastureWatch** button to go to the PastureWatch page.

- If you are using PAM then click on the **PastureWatch – PAM user** button, otherwise click on the **PastureWatch** button.

When the installer has finished a PastureWatch icon  will appear on the desktop of your computer.

## REGISTERING AND UNLOCKING PASTUREWATCH (For Both CD and Internet Installations)
